MUSICAL AUTOGRAMS

An Album of Twenty Melodic Silhouettes

By

WINIFRED EDGERTON MERRILL, A.B., PH.D.

This unique work expresses musically the fundamental characteristics of certain public men. The act is accomplished by superimposing the actual written signatures of the men upon the musical staff, and then subjecting the arrangement to a mathematical method wherein the location of the notes (melodic outline) is determined by selecting the points indicating the essential properties of the lines or curves involved.

Calisthenics with the Victrola, Erie, Pa.

A Victrola in your school means

increased culture, artistic progress, greater physical fitness, renewed interest in all studies, and the opportunity for every boy and girl to hear and know the world's best music rendered by the world's greatest artists.

The Victrola and Victor Records

are used to illustrate and vitalize the lessons in English Language and Literature, History and Geography. They are indispensable in the teaching of Physical Education, Folk Dancing, Patriotic Songs, Community Singing, Nature Study, Penmanship, Typewriting, Voice Culture, Ear Training, Opera Study, Music History and Orchestral Instruments. From Victor Records the boys in the Army and Navy are learning French, and Wireless Telegraphy.

Victrola XXV, \$85
specially manufactured
for School use

When the Victrola is not in use, the horn can be placed under the instrument safe and secure from danger, and the cabinet can be locked to protect it from dust and promiscuous use by irresponsible people.

With all these practical uses, the Victrola has become a real necessity, and should be a regular part of the equipment of your school.

If you would know more about the extensive use of Victor Records in school, see "A New Graded List," which is a catalogue of over one thousand Victor Records, classified according to use in various grades and subjects.

Ask your Victor dealer for a copy of this new list, or send a post card to the
